

Fastening Systems for ThermalTight™ Insulation

Plasti-Grip® ci Prong Washer

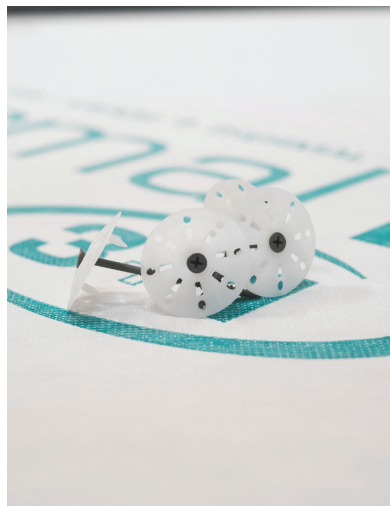

- Pre-spotting prongs for on-the-wall fastener assembly
- 1-3/4" diameter plastic tapered plate
- Compatible with screws and nails. SHOOT IT, SCREW IT, NAIL IT!
- Flexible perimeter reduces tearing of insulation facer
- White color
- Made in USA

Grip-Deck® Screws

- Ceramic Coated for corrosion resistance
- Self-drilling for attachment to heavy gauge steel studs or HiLo thread for wood studs
- Philips drive with bugle head

Available lengths:

1-5/8" X #7, 2" x #7, 2-1/2" x #8, 3" x #8,
3-1/2" x #10, 4" x #10, 5" x #10, 6" x #10

Plasti-Grip® ci Prong Washers attach the ThermalTight™ insulation to wood studs.
