

## THERMALLY EFFICIENT DESIGN. AIR-BARRIER PERFORMANCE.

The Thermal-Grip® Masonry Veneer Anchor helps solve the challenge of thermal-bridging, air and water hold-out, and labor savings at an affordable price.

### PRODUCT FEATURES

- Uniquely designed for minimal thermal-bridging
- Maintains air-barrier performance
- Design allows anchor to cut cleanly through WRB and seal it behind insulation
- Redundant fire-safety helps retain wire in event of a fire in the wall cavity
- Suitable for all substrates
- Wire tie design allows for easy assembly
- Patented and/or patent pending
